

Carrie Jeske Bio 2019

Carrie Jeske has been helping sell or license new products for more than 20 years. Her connections are vast, spanning distribution from consumer products to business to business industrial segments. Carrie Jeske works in the U.S., Canada, Japan and United Kingdom focused on direct to consumer, retail, live shopping channels and the “As Seen On TV” distribution channels.

Through [Inventive Ideas](#), Carrie Jeske manages a team of product scouts and licensing agents around the world, that work to secure distribution agreements and license filed patents. Successful products include SportsShade Canopy Awning, The Perfect Party Chair, Get Up And Go Cain, RotoClipper, My Fun Fish, Guitar Isolation Cabinet and more. Helping inventors find low cost, high return inventing strategies is her passion.

In 2012, Carrie and her inventor husband of 33 years formed a nonprofit company called i3 Resources. Since then, i3 has birthed [InventingWorkshop.com](#) offering a team creative outlet and grants for patents and [Sole2SoulFirefighter.com](#) providing quality work boots to first responders.

Meetup with Carrie Jeske at a location near you. Prepare in advance by reading her new book, “[Sell Crowdfunding Products On TV – Fast Track To Retail](#)” on Amazon. Online 5-Star Reviews appreciated.
